Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Applicant filed and appeal brief on 5/24/2007. Upon further consideration of the weight ratios of the photographically useful materials to the specific solvents in the examples of the references, it was determined that the references fail to meet the instantly claimed weight ratios, and the examiner has withdrawn the rejections of record. An updated search of the prior art was performed, however no new relevant art was found, therefore the instant claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amanda C. Walke whose telephone number is 571-272-1337. The examiner can normally be reached on M-R 5:30-4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cynthia Kelly can be reached on 571-272-1526. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
